A Revolutionary Tool for Daily IEP Progress Monitoring and Goal Creation

Do your teachers have the necessary tools and software to adequately progress monitor every student's annual goals and short-term objectives? (Most IEP software leaves out this key piece.)

With fastIEP, your teachers will save significant time collecting data, see student progress in real time, and build better rapport with parents by easily providing detailed insights on progress.

fastIEP's 3-pronged approach helps ensure student growth as well as teacher best practice & retention:
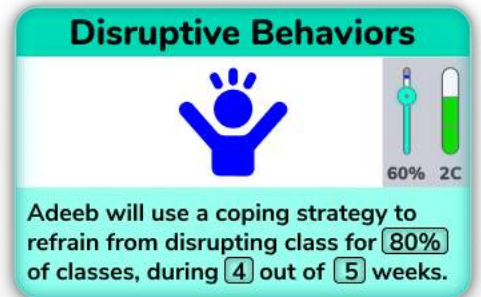

1 Decrease teacher paperwork & burnout

- ✓ Create S.M.A.R.T. goals in seconds
- ✓ Log data with a single click. Monitor progress with automatic graphs
- ✓ Make IEP reporting a breeze with instant progress graphs & PDFs
- ✓ Equalize teacher performance with embedded "micro PD"
- ✓ Motivate teachers: Brain-based reinforcers increase job satisfaction
- ✓ Automatically email parents legally-required progress reports on each goal

2 Drive specially-designed instruction (SDI) with granular, specific, accurate progress monitoring

- ✓ Collect detailed, pinpointed datapoints anytime, anywhere
- ✓ Add descriptive, qualitative narratives for each datapoint
- ✓ Link instructional interventions to datapoints and performance
- ✓ Drive best practice: Make it practical to log data at the time of the event (not much later), and to intervene if goals need tweaking

Disruptive Behaviors

60% 2C

Adeeb will use a coping strategy to refrain from disrupting class for 80% of classes, during 4 out of 5 weeks.

3 Analyze and interpret student data any time with automatic data visualization

- ✓ Empower teacher action with visuals of student progress
- ✓ View automatically-generated visualizations in real time
- ✓ Help parents see the story of their child's data in simple and meaningful ways: Empower parents & keep them collaborative

Testimonials

"I am very impressed with fastIEP. There is nothing more important – from ensuring educational quality to meeting legal compliance standards – than providing high-quality progress monitoring that is goal-aligned, specific, and provides trend analyses."

Kurt Hulett
Special Educator & Advocate

"fastIEP has saved me so much time! I love how I can organize all of my students goals. It's so easy to find exactly what I'm looking for. I also love that fastIEP generates data graphs so I don't have to make them!"

Jennifer McMahan
Special Ed. Coordinator

"For my paras and for my teachers, fastIEP has been a huge blessing. It has made their workday a lot smoother. It has reduced their stress because they know that they are getting their documentation done."

Katherine Kotora
Intervention Specialist
